

Y-Teen Leaders Receive Training

Approximately 125 officers of Y-Teen clubs of the Harbor Area YWCA met for an all day training session at the Headquarters Building, 437 West Ninth Street, San Pedro.

The purpose of the day was to acquaint girls with those from other clubs, other branches, to inform them of their duties as officers as well as to acquaint them with the YWCA and to give them new program ideas.

The morning session was given over to departmental meetings. This was followed by a boat trip.

Following the lunch period, Mrs. Hivoce Kodani, spoke to the girls on "Terms of Leadership." "What is leadership in a nuclear space age?" she asked. "No adult can tell you. Science does not choose its masters. It works as well for evil purposes as for good. The real control is in men."

Mrs. Kodani asked the question, "What does it mean to be a free people in a free society? How do we maintain it? Our freedoms are never won for us for all time. Each generation must win them anew, and you must look them over in terms of what you as individuals can do in individual rights and the treatment of others. Our treatment of people means so much to us. This is why integration means so much to us. It is the only right thing," she concluded.

Mrs. Kodani is an experienced YWCA board member having served in that capacity in the Denver and Santa Monica Associations as well as on the YWCA Southern California Camping Council. In addition she has served as the official

Y-Teen officers training is a semi-annual event as a part of the leadership training offered by the YWCA.

On the Scene

BY HANK WOLLMAN

The current trend among the more intimate showbars and restaurants of the day is to feature musical entertainment of the highest quality. Most places seem to be known by the piano: personality who sparks the premises with his or her particular song stylings... and at the moment there is a wonderful assortment of talent holding forth locally.

One of the liveliest and most likeable piano-bars in Gardena is at Tony Martello's Vegas Club. For the past five months the smooth and spritely style of Carol Jackson, who sings as prettily as she looks, has been the stellar attraction. Carol can warble the blues or bounce out a tune with equal facility, as well as lead the crowd in one of the more popular numbers of the day.

Over at the High Bar-Bee (Western at 120th) Hal Keller attracts a regular following with his polished piano stylings. Hal's new album "Debut" (made with bass and guitar accompaniment) is making a big hit with those who enjoy the modern sound.

Del's Camino Room (on Crenshaw) has just acquired the services of Bee Blonk, who performs melody magic on a Hammond Organ; and Celeste, Bee's musical endeavor started in the days of the silent pictures, when as a lot she made music while Tom Mix galloped and Rudolph Valentino loved.

Other top musical aggregations in the area are the Steve Varela trio, featuring the piano

artistry of Yvonne Rivera, at Rick's (Torrance and Western) the Polynesians at the restaurant of the same name; and Dave Bazel, who is a one-man orchestra at Lococo's in Manhattan Beach.

Art critics, attention! You are bound to either shudder or sigh at a picture now on exhibit at Bob Reuben's Pen & Quill in Manhattan Beach. There in full color is a recent finger painting by Betsy, the celebrated chimpanzee.

Names in the Night

Dave Lilley, manager of the Monterey Cafe, who runs one of the most popular and diversified restaurants in Gardena; Arthur Tai, master of the Dragon's Den at the popular Tai Song, who raises Dendrobium (orchids) as a hobby; Al Lappin of North American, whose baritone balladings makes him a welcome guest at the Vegas Club; "Bud" Thomas and Don Nunez, the mad bartenders, whose shenanigans rocked the Roaring 20's this week-end; Jacques De Weid, local barrister, who makes a weekly trip to Kyoto's for some of that special sukiyaki; Ruth Sepe, whose Consequino Inn (Redondo Beach at Western), serves the most luscious lasagna this side of L'Italia; Benny & Pepe, bartenders at the Polynesians (in Walteria) who mix the most exotic tropical drinks in the Southland; Jim Cullen, local publicity man, who is a great fan of the Hyatt House (Aviation and Century).

Harbor Chest Drive Goes Over the Top

As the final reports were made, 4000 Harbor Community Chest volunteers under the leadership of Jay A. Robinson, area chairman, were applauded for raising 102% of quota during the recent campaign on behalf of 167 member agencies.

In his final report to the Welfare Federation Board of Directors, Courtlandt S. Gross, retiring campaign chairman, stated that the Harbor area was one of the four Associated Cities to raise a 100% of their goal.

In all, 80,000 Los Angeles Community Chest volunteers raised a total of \$10,123,359 in their annual appeal. The total is nearly 99% of the \$10,300,000 campaign goal and is a new record high in fund raising for health and welfare here, according to Ernest J. Loebecke, president of the Chest. Last year's Chest total was \$9,953,652.

Loebbecke commended Gross and his 80,000 volunteers for "their splendid efforts and devotion to the best interests of their community."

Steve Brody, president of Allied Artists, who will lead the 1958-59 appeal, outlined campaign plans for board approval.

Other 100% Associated Cities areas and their chairmen were Todd Fast, Centinela Valley; A. A. Wolski, San Fernando Valley; and Rey Hopper, West Area.

Golf Match at Sea-Aire

Golfers of the community are invited to attend the first exhibition golf match to be given at Sea-Aire Golf Course at 3:30 in the afternoon on Lincoln's Birthday, February 12.

The visiting professionals will include Bud Oakley of Palos Verdes Country Club, who is also president of the Southern California Professional Golfer's Association; Alton Age, professional of Alondra Park; Bill Feltonberger, teaching professional of Walteria Fairways; Coach Bill Woods of North High, who also conducts teenage golf lessons at Sea-Aire and Al Fisher of Redondo Beach who holds the course record.

The two new groups at Sea-Aire will assist with the exhibition: the Sea-Aire Teen Age Golf Club and the "Sports Unlimited" women's group. A reception will be held in the clubhouse following the exhibition.

Sea-Aire Golf Course, a glide pitch and putt course is located in Hollywood Riviera right off Reynolds Drive, 22730 Lupine Drive.

Soldier of Year Award to Be Given by 47th A.A. Brigade

Some energetic soldier of the 47th Anti-aircraft Artillery Brigade will be rewarded for particularly outstanding work.

One soldier will be selected "1957 Soldier of the Year" by the command which defends Los Angeles with a ring of 16 Nike air defense missile sites.

The soldier will have spent most of 1957 on a Nike site. He will have been a radar man... a missile launcher crewman... a generator operator... a supply man.

Whichever of these, he would have been on duty 24-hours a day during 1957, with a day off here and there when he had relief. He would have performed a job which helps protect Los Angeles residents from any possible air attack.

"His performance and contributions to the Los Angeles defense must be such that they contributed materially to the effectiveness of the command," said Lt. Col. Charles A. Jenkins, who will be the presiding of-

ficer of the board which will make the final selection of "a Soldier of the Year," on Feb. 14.

Positive Thinking Solved Problems, Jim Jones Claims

Jim Jones will be in Torrance on February 14, lecturing at the Civic Auditorium at 8 p.m. There will be no admission and it is open to the public.

"THINK and LIVE more ABUNDANTLY," says Jim Jones, the author of IF YOU CAN COUNT TO FOUR—a non-fiction book dealing with positive thinking—released last September and now in its third edition. He solved his problems by applying the positive philosophy, formula for which is so well-defined in his book. Even the one million dollar policy which he has just purchased is the result of this philosophy.

Following the lunch period, Mrs. Hivoce Kodani, spoke to the girls on "Terms of Leadership." "What is leadership in a nuclear space age?" she asked. "No adult can tell you. Science does not choose its masters. It works as well for evil purposes as for good. The real control is in men."

"The Strength of Architectural Materials," a course designed for everyone interested in building materials and their uses in foundations, floors, walls, columns, and roofs, is being offered in the evening program at Harbor College, beginning Monday, February 10, Laurel Boyd Baker, Chairman of the Division of Construction and Art Technology, said today.

The class, called Architecture 18 and 19, will meet Monday evenings from 6:30 to 9:30 and will offer lecture and laboratory work for beginning and advanced students. The instructor will be Frank William Luby, a graduate of the University of California at Berkeley and an outstanding San Pedro architect.

Students may register for the class through Friday of this week from 9 a.m. to 3 p.m. and from 6 to 8 p.m. in the Harbor College Library.

Civic Luncheon at Biltmore Bowl or McKesson

Neil Petree, president and general manager of Barker Bros., today accepted the general chairmanship of a civic testimonial luncheon honoring Los Angeles County District Attorney William B. McKesson "in appreciation of his 30 years of outstanding public service" on Wednesday, February 19, at the Biltmore Bowl.

A. J. Cook, retired board chairman of Bank of America, was named treasurer of the testimonial luncheon committee.

Petree said civic leaders throughout the county wish to recognize District Attorney McKesson's outstanding contributions during his 17 years as Los Angeles Deputy County Counsel, 10 years as Superior Court Judge, two years as a member of the California Youth Authority and the California State Board of Corrections, and one year as District Attorney.

BIFOCAL WEARERS!

Why are handicapped with that aggravating "middle distance blur" that most people experience with bifocals? If you have difficulty in reading merchandise labels in stores, in distinguishing book titles in the library, in seeing all the playing cards on the table, etc., you'll marvel at the "new sight" that CONTINUOUS VISION LENSES will bring you! These are the modern glasses that assure clear vision at ALL distances—without head bobbing and neck craning. Let us demonstrate—without obligation—why you will feel better and work better when you change to CONTINUOUS VISION LENSES. Not expensively easy terms. Come in soon!
